

Additional \$50 million will ensure more students succeed

November 6, 2013

Additional Campus Alberta funding will give more students the skills and knowledge they need. The Government of Alberta believes in the importance of attracting and retaining the best and brightest to our province, and ensuring that people succeed in our growing communities and economy. Investing in students is a top priority, and government wants to create even more spaces in our post-secondary institutions.

Government is providing funding to help institutions adjust to current enrolment pressures and prepare for even greater enrolments next year. It will ensure that students can continue to access world-class learning. Institutions will determine which programs are expanded and by how much.

New Funding

- An additional \$50 million is being provided to 20 publicly funded Campus Alberta institutions this fiscal year.
