Notes:

- Values listed in the above table represent the number of Unique Students at the level you are looking at, and therefore summing up corresponding rows may lead to an over-inflated value. For example, a student attending both Athabasca University and the University of Alberta will be counted once in each corresponding row, but will also only be counted once when looking at the Comprehensive Academic and Research sector total.

- Full Time students are those students that were actively enrolled in at least 60% of a full course load. If, for the academic year, a student generated 0.6 FLEs or greater, they are considered Full-Time.

- Part Time students are those students that were actively enrolled in less than 60% of full course load for the academic year.

- In 2014-15, Advanced Education introduced a new reporting application. This resulted in some data conversions and updated full-time/part-time calculations. As a result of these changes, the data in the above table may not align with previous data pulls.

Institution Related Notes:

1. This sector does not include The Banff Centre enrolments, as The Banff Centre does not report enrolment through LERS. Enrolment data for the Banff Centre are listed separately at the bottom of the table.
